Blind" from Friday noon until Saturday noon,

As in past years, most of the drivers gladly rolled down their windows, put coins or bills into the canisters and accepted candy in exchange.

"ONE-THIRD OF THE money will stay here in Antioch," said Bill Barr, chairman of the Lions' Candy Day. "The other two-thirds will go to the international Lions Club organization."

All of the money will be used to support the Lions' programs for blind persons, plus eye examinations and glasses for the needy. Braille books and "leader dog" programs also are included.

"We had 143 Lions and helpers, including wives of Lions Club members," Barr said.

"We want to thank the people for their generosity," he said, and then added, kiddingly, "and for not running over any of our members."

"WE HAD VOLUNTEERS from as far away as France," Barr added. He was referring to Jean Marie Palu; the high school senior who is being sponsored by the Antioch Rotary Club as a foreign exchange student and is presently living with the Francis (Bud) Scichowski family.

Jean Marie spent some time taking donations at the corner of Lake and Main streets.

The Antioch Lions, in their bright yellow aprons and caps, were among more than 30,000 members of Illinois Lions clubs who participated in the 24th annual "Lions Candy Day for the Blind."

THEY JUST WON a free vacation for two! Nancy Meyer of Lake Villa was a happy and excited young lady, and her husband Thomas also was pleased when their horse came home first in Rittenhouse & Embree Lumber company's "Grand Slam" contest. A series of horse race movies were shown to determine the winner in a party at Antioch Country Club. Nancy and Thomas are now trying to decide whether they'll go to Acapulco, Disney World, Las Vegas or Mexico City. (Another picture on page 7.)

PM&L Gives Annual Awards

Josef Hunley, Pat Jamison and Mary Chris LaKome won four of the top awards at PM&L Theatre's annual banquet.

The actors and actresses from Antioch and surrounding communities were celebrating the success of the theatre's 16th season. The awards banquet was held in Libertyville.

Mr. Hunley won the Jackie award (named for Jacqueline Horton) as the best actor in a leading

role. He starred as Sheridan Whiteside in "The Man Who Came to Dinner."

MRS. JAMISON WON the Jackie award for the best actress in a leading role. She played Queen Eleanor in "The Lion in Winter." She also won the "Hunley Mr. Thespis" award for that performance.

Snowmobile Renewals Are Urged

Snowmobilers who have not responded to Department of Conservation registration renewal notices are being urged to do so. Registration certificates on more than 15,000 snowmobiles expired Sept. 30.

"We are giving snowmobilers a period of
grace to renew," said
Conservation Director
John McGuire. "If owners fail to re-register
during this period, they
will have to change the
registration numbers on
their machines."

McGuire said renewal notices were sent during August to owners of registered snowmobiles, but only about 5,000 responded by renewing their certificates.

"We're trying to avoid a problem we've had in the past," the director added: "After the first big snow; renewal applications will start pouring into our offices:

President Aileen Biel gave comments to launch the new season.

Election Posters Can Be Dangerous

Election posters placed on utility poles may cause injuries to linemen and other utility workers, a Commonwealth Edison official said.

Joseph F. Scheuerman, Edison district manager, said that linemen climbing poles to repair wires and other overhead equipment may slip and fall as spikes on their climbing shoes strike nails, tacks and other hardware used to attach the posters.

Exposed sharp edges of leftover hardware can also injure a lineman's hands, according to Scheuerman.

The Importance of **Physical Fitness**

During the summer Olympics in Montreal, millions of Americans were impressed by the strength, vitality and stamina of young athletes from all over the world ... many still in their teens.

Thousands of small children, watching the Games, began to dream of being Olympic competitors themselves some day.

While very few of today's pre-schoolers will become Olympic champions, they should nevertheless be encouraged to exercise and develop their physical capabilities. By doing so, youngsters develop habits that can prevent obesity and heart disease when they reach adulthood.

Health experts point out that achieving physical fitness is a way of life, not just a fad or a temporary change in daily routine. And, they caution, it is imperative to establish this way of life at an early age.

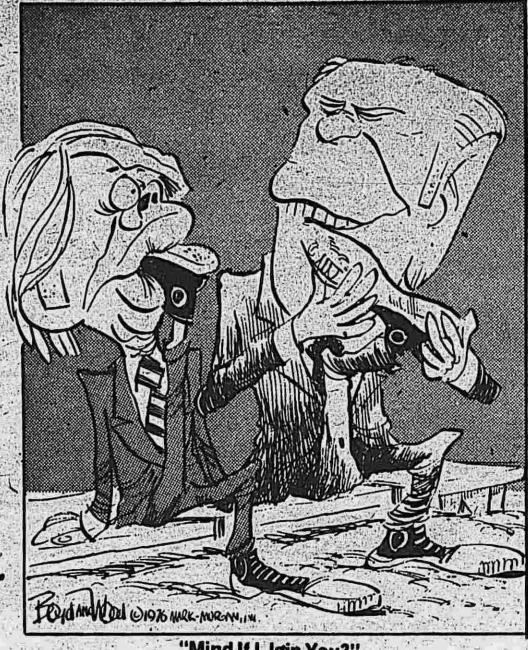

THIS DOES NOT MEAN you have to rush your pre-schooler to the nearest gymnasium or swimming pool for professional training. Just the normal play activities of children can form the basis for a lifelong habit of physical activity.

Simple activities such as cycling, hiking, running and group competitive games, if enjoyed regularly during childhood, can help develop strong muscles, bones and hearts. In addition, most children who routinely participate in these and other physical activities (swimming, skiing,

Berning Presents Views On School Aid Issue

Dear Editor:

Since there has been erroneous and misleading information circulated in the area on the subject of school aid and the special session, I am taking this means of presenting the facts to the public.

The other senator from Lake County has attempted to blame the Republicans for all the ills facing our schools.

This is rather interesting since the Democrats, have a substantial majority in both the House and Senate, and a Democrat occupies the Governor's office. To make this kind of accusation and then to accuse the Republicans of playing "politics" with the school aid issue is the height of inconsistency.

Then, he says he will support "any effort which will provide more money to the Lake County schools." I cannot take that position, and I am surprised that he would. When the proposition before us is to give Chicago a banquet and the rest. of the state crumbs, I feel the only responsible position is to oppose the measure. I am not willing to say to Chicago city hall, "I'd rather have something better for my schools, but if this is what you say we must take, I'll concede."

Make no mistake about it, the real issue in this whole unfortunate mess is an attempt to bail out the city of Chicago from a situation they created

Jean-Marie Palu, the likable and intelligent young French student who is attending Antioch High School, was greeted rather rudely by at least one American.

Jean-Marie had his bicycle stolen. He is presently living at the home of Bud Scichowski, a member of the Rotary Club. Jean-Marie is a Rotary International exchange student and so ... last Thursday ... the Rotarians decided to dig into their treasury and buy him a new bike. Not all Americans are bad.

THE ROTARIANS, incidentally, installed two members last week: Henry Meyer, superintendent of Grade School District 34, and Art Neckermann, president of Valiant Enterprises Ltd:

Al Dittman, former Antioch High School superintendent, gave the Rotarians an interesting demonstration of his wood-carving hobby.

After he retired, why did he select wood as the means of expressing his artistic ability?

"After years as an educator of junior high school and high school students," Al joked, "I have not, as yet, had a piece of wood talk back to me."

IF YOU RECEIVED a parking ticket during the month of September, welcome to the club.

The police department issued 93 parking tickets in response to a request by the Chamber of Commerce and village board that a crackdown be made on overtime parking.

There also were 93 traffic tickets issued, which ought to serve as a warning to those who don't realize that an automobile can be a deadly weapon if not driven safely.

The police report for the month of September also shows the disturbing facts that there were 25 thefts in Antioch and 27 cases of vandalism. Wouldn't you like to catch some of those vandals?

Parents of youths convicted of "willful and malicious acts" causing personal or property damage could be fined up to \$500, according to an ordinance under consideration by the Mundelein Village Board:

The fines, which would range from \$20 to \$500, would be imposed on parents upon the youths' second conviction. The proposed ordinance, still in the preliminary draft stage, has been patterned

The Door-to-Door Soliciting Business

Celia Maloney, Illinois Consumer Advocate, warns consumers to beware of disreputable home repair companies that go door-to-door soliciting business.

Complaints to her office indicate that at least one company is attempting to bilk consumers by using the name of a reliable local company when soliciting business.

The fake company, which uses the name of the Century Supply Company, visited the home of a woman on Chicago's west side recently. The man claimed they were working on a neighbor's home and noticed that her chimney needed a little tar for stabilization. They quoted her a price of \$5. Once the consumer allowed the workmen on her roof, they told her that the job was actually much more extensive than it appeared, and asked to inspect her entire chimney. Upon inspection, the workers stated the chimney needed immediate repair to prevent possible accidents: the phony company stated that the needed repairs would cost her \$285.

ATTHIS POINT the woman became suspicious. When she made it clear to the company that she was first checking with the local Chamber of Commerce and Better Business Bureau before signing any contracts, the workmen balked. The woman further checked on the company and called the telephone number they had given. Upon calling, the consumer found the number to be a private party.

When the phony company representatives realized she was checking into the matter too far, they told her they did not want to work for someone who did not trust them.

BY USING COMMON SENSE, this woman saved herself \$285. She later contacted a local contractor and was advised that other than a few loose bricks, the chimney was in fine shape.

When you are approached by a door-to-door salesperson, be sure to get his or her name, address and phone number. Also get the name, address, and phone number of the company. Check with the phone book to verify the company's listing. Call you local Chamber of Commerce and see if there are any complaints listed against them.

Considering the increasing amount of vandalism taking place in this area, that sounds like a pretty good idea. Ask all of the businessmen who have had expensive store windows broken by rotten kids.

JUST IN CASE YOU missed it, the Chicago Tribune has endorsed Republican Jame R. Thompson over Michael J. Howlett, a Democrat, in the race for Illinois governor.

The Tribune said it is backing Thompson partly because the newspaper expects the former U.S. Attorney to "open a new era in Illinois politics."

The Tribune praised Thompson's record and called him "a tough prosecutor, a powerful enemy of political corruption in either party, and a man of blunt honesty."

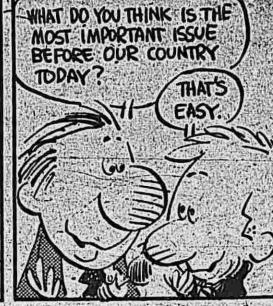

It also said Thompson would owe his allegiance to the voters, not the Republican party. He would have "undiluted loyalties toward the voters, and that's inviting to us," the Tribune said.

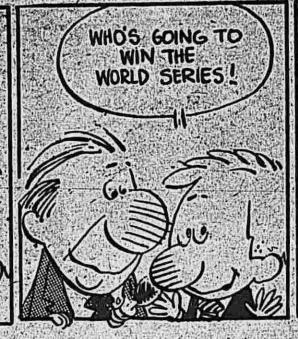

The newspaper called Howlett, the current secretary of state, "an affable public servant who has done a creditable job in his present office."

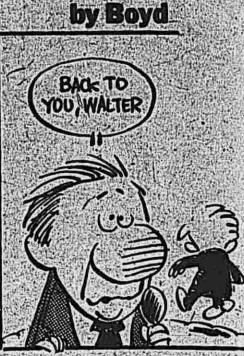

However, the Tribune said, "Howlett cannot divorce himself from the aging Democratic machine that nominated him. The newspaper added that Howlet's chief political allies, including Mayor Daley of Chicago and Governor Walker, seem to be doing him more harm than good.

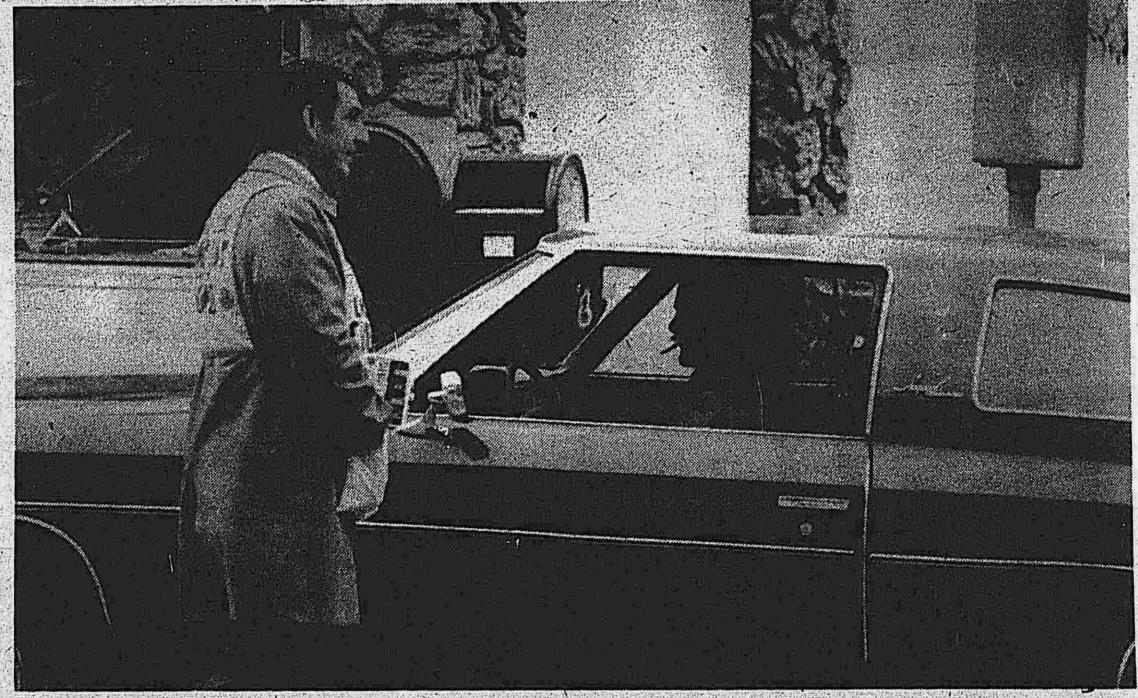

Our three Democrat friends in Antioch may disagree, but we think the Tribune is right.

War on Flu Begins Here

As reported last Wednesday in The Antioch News, Lake County administration of the first phase of the free swine flu vaccine begins this Friday, Oct. 15.

These clinics only are for: persons 60 years of age and over, and persons 3 to 59 years of age with chronic health problems (such as diabetes, or heart, lung or kidney disorders).

The following individuals should not receive the vaccine in the immunization clinics: those with a history of allergy to eggs, chicken or chicken feathers; those with a fever on the day of the clinic; and those who have received another vaccine in the past 14 days.

County health officials advise residents to consult their personal physicians with questions regarding the vaccine or their eligibility.

TWO VACCINES are being made available: one

will protect against swine flu only (monovalent) and one will pro-

worth the risk by health officials.

Antioch Woman's Club Has Opening Luncheon

By FLORENCE PEDERSEN

The opening luncheon of the Antioch Woman's -Club last week was enjoyed by all members and guests.

Tom Marks, a talented singer, delighted the audience with a program of music. He did a clever change fo makeup and costumes and involved the audience in many of his acts.

Hostess committee for the opening luncheon included Irene Hahn, Jean Rockow, Louise Radke, Carol Hamlin, Louise Santino, Ann St. Pierre, Caroline Costoff, Ruth Jedele, Edna Ruck and Dorothy Brundige.

A new member, Mrs. Alice Hinkle, was welcomed into the club.

A book has been presented to the Antioch library in memory of Mrs. Maurice (Edna) Radke.

To correct an error in a previous article. Mrs. Ronald Williams is on the American Home standing committee.

Mrs. La Vergne Newton will present the film, "Uncle Sam, the Man & the Legend," at the Monday, Oct. 18, meeting at the First National

Bank meeting room at 1 p.m. The singing Sweet Adelines will provide harmony for the balance of the program.

Farmers Show GOP Loyalties

In late September, a few weeks before Earl L. Butz resigned as secretary of agriculture, the Prairie Farmer organization questioned Illinois farmers about whether or not they approved of the job being done by Butz as secretary of agriculture.

Of the 500 representative sample of Illinois farmers questioned, 49.3 percent—said they approve, 32.4 percent disapproved, and 18.3 percent were undecided.

Republican candidates Gerald Ford and Robert Dole have moved out ahead of Democratic presidential and vice presidential candidates Jimmy Carter and Walter Mondale in the farming

In personal on-farm interviews of 525 farm people throughout the state, Ford and Dole were the choice of 42.9 percent. The Carter-Mondale ticket was preferred by 31.6 percent of those interviewed and 25.5 percent were undecided.

The same sample gives Republican gubernatorial candidate James R. Thompson a commanding lead over Democrat Michael J. Howlett, 64.5 percent to 17.4 percent.

In the contest for secretary of state, Illinois

farmers give Republican William Harris a slight edge, 32.6 percent to 29 percent for Democrat Alan J. Dixon; 36.9 percent were undecided.

Two Antioch firemen, Eugene Simbrowsky and James Ploughman, received their certified fire fighter certificate from the State.

This certificate is required by the Antioch Fire Department and the village of Antioch before a member is accepted on the force permanently. In order to receive this certificate a member must complete 200 hours of training in 23 subject areas. Then he must pass a State approved practical and written exam.

This brings to 27 the number of certified Antioch

Antioch also has four firemen who have passed the State approved test for certified advanced fire fighters. This test was given locally at CLC on 29 subject areas. The four are Capt. James Quedenfeld, Lt. Roy Gallagher, Lt. Dale Frasch and Eng. James Krieger.

Superstar Was Much More Than That

Hectic is the word for the scene in our office Monday evenings. So when I read in the television listings that "Jesus Christ Superstar" was broadcast Monday I was disappointed to realize I would have to miss it.

I was a junior in high school when the musical made its debut. We stomped our feet to the title. song, roared over "Herod's Song" and cried through "I Don't Know How to Love Him."

A rock opera it's called. We were so sold on it we even learned what "libretto" means while memorizing the words.

That's the funny thing about hearing a song 42 times a week: it tends to stay with you. Even now, something will trigger my memory and I'll be off on a few bars of "Hosanna, Hey Sanna."

ONE OF THE local reviews of Monday's showing says director Norman Jewison "tells the story of the life of Jesus not as if it were the central event in the Christian religion but rather as the interesting career of a promising young man."

Ted Neeley is billed as "a likeable Christ, who sometimes seems a little bemused by his superstar status."

Perhaps therein lies the great popularity of "Superstar": Jesus is such a regular guy, someone to whom we can relate. He rises to the top of the charts but life at the top proves to be too much. And what a drag he had to die when he seemed to have so much for which to live.

Such a view certainly is a lively alternative to

the traditional approach and, evidently, quite a draw at the box office and record store.

Unfortunately, it is also an alternative to the historical account. His life (including specific details such as the time and place of his birth) fulfilled prophesies centuries old. His purpose in death was to provide the perfect, sinless sacrifice to make salvation possible for all who trust in Him - this He had in mind always and was not taken by surprise by what transpired during the three years of his "interesting career."

Probably the greatest weakness of the work is that it ends too soon. What about the eyewitness reports that He physically returned from the dead? Illogical, some may say, but two facts deserve attention: the tomb was empty and men were willing to be put to death for what they claimed to have seen:

MY GUESS IS that watchers and listeners of "Jesus Christ-Superstat" consider it purely for the entertainment it provides and never consider matters of accuracy or sacrilege.

But what bothers, even saddens, me is that the only view many will have of the amazing carpenter is as a "jaded mandarin" who had trouble with team loyalty.

Possibly that old phrase, "who do you trust?" is applicable today. The choice: Christ's contemporaries or two composers living 2,000 years later and a continent away.

Letter

Dear Sir

With reference to your Daniel Schorr editorial the House of Representatives allocated \$450,000 to investigate possible abuses of power by the CIA in violation of its charter. The Pike Committee voted 9-4 to publish the resulting report. Six days later, after "White House" pressure, the House decided not to publish.

Meanwhile, the report was in the hands of the press, one member of which, Daniel Shorr, felt it his duty to prevent the suppression of this information belonging to the American people, and vital to our liberties. When it soon developed that his livelihood and his own personal liberty could be the price, he knew, and we should recognize, how right he was. We are forever in his debt for having the courage, the wisdom, the integrity and the eloquence to not weaken under the hostile questioning of "Ethics" Committee chairman, Congressman John T. Flynt. the Committee backed down. So, if there is a Bicentennial Award of the Year, it should go to former CBS correspondent, Daniel Schorr.

Your editorial states that Mr. Schorr "undertook to sell it (the CIA report)." My understanding from a New York reporter is that several publishers were approached - after Congress reniged - with the understanding that any royalties were to go to a fund set up for the legal protection and bail bond of newsmen jailed for protecting their sources.

Tom Brokaw on the Today Show pointed out, referring to Mr. Schorr's defense of the first amendment, that unless the press protects its sources, from whence comes only official government press releases, instead of objective, factual reports for our guidance. That's the modern totalitarian way. This old-fashioned reader prefers the American way our forefathers envisioned. One of them was radical enough to opine that if the Congress exercised any power other than copyright over the press, it would be tyranny.

The traditional function of the press has been to serve not government, but the governed. If the government persists in interfering with the taxpayer's natural and Constitutional right to know, perhaps we, the people, must find a way to cite Congress and the "White House" for contempt of us, and demand publication of our \$450,000

Very truly yours, **Jessie Carter** Jessie Carter (Mrs. Weld S.)

The Lake County Forest Preserve District received word last week that the Bureau of **Outdoor Recreation has** approved its request for matching funds in the purchase of 55 acres of land north of Waukegan.

This parcel of land is only part of a 274 acre project known as Lyons Woods which the District is now in the process of acquiring. Lyons Woods will eventually be opened to the general public to enjoy the planned ball fields, sheltered areas, and nature trail system. In addition, the acquisition will provide an open space corridor with the Glen Flora County club to the south and serve as an additional recreational area close to Ulinois Beach State Park, one-half mile to

PM&L Tryouts Slated For Sunday, Monday

Tryouts for PM&L's second show of Season XVI, "The Ransom of Red Chief," by O. Henry, will be held Sunday from 2 to 4 p.m. and Monday from 7 to 9 p.m. at the theatre, 877 Main St. in Antioch.

The play revolves around a humorous plot by two down-on-their-luck con artists who decide to kidnap Johnny, better known as Red Chief. The two "kidnappers" get more than they bargained for when they discovered that Red Chief is the original Dennis the Menace. The play has the usual O. Henry surprise ending.

Needed for the cast are four men, one boy (age 10-12), five women and four girls (ages 6-12). The two con men, Sam and Bill, can be any age, but should be experienced comic actors. Red Chief should be the "average, red blooded" American

The play is being directed by Tom Hausman. Tuesday and Friday evenings, plus weekend afternoon rehearsals will be scheduled. Show dates are Nov. 27 and 28, and Dec. 3, 4, 10 and 11.

CARROT TOP and Horrible Henry join Lili (Cathy Rosol) in singing "Love Makes the World Go Round" in a scene from "Carnival." Saturday was open-

ing night for the PM&L musical which will be presented again Oct. 15, 16, 22 and 23.

'Carnival' Fun on Stage Here

By BETSY ROSSEN

If the pageantry of the big top and midway is what you're after, be sure to experience the carnival in town.

"Carnival" is the event, the Bob Merrill musical now on stage at the PM&L Theatre where a festive atmosphere is created with clowns, balloons, calliope music, and vibrant costumes. The local production opened Saturday night and will be treating audiences for two more weekends.

IN ADDITION to great use of the limited stage area, director Bob Bundy's cast and crew have a crowd-pleaser in the puppet shows. Carrot Top, Horrible Henry the Walrus, Renardo the Fox and Marguerite (brought to life by Louis Vasseur and Charlie Brown) reel off some funny lines enjoyable for kids of all ages.

Lili the orphan girl, portrayed by Cathy Rosol of Ingleside, wants the glamour and excitement of B.F. Schlegle's Grand Imperial Cirque de Paris.

She becomes involved in the show's performance and in the lives of its performers. The plot's a simple one, woven throughout with jealousy and the unpredictability of carnival life.

NEWCOMER MARY HODGE is a delight as the Incomparable Rosalie. We hope to see her in future PM&L offerings for her strong, professional style was the musical highlight of the evening.

While on the subject of music, let us say that pianist Tracy Teltz and flautist Kimberly Korando did a great job on accompaniment, with nary a falter nor missed cue.

Several of the musical acts seemed weak, perhaps due in part to "opening night jitters" and the score itself. Hopefully a week of practice will smooth things out.

up?
Yes, they will: Saturday at 2 p.m. at the Antioch
High School football field.

The real Antioch Sequoits better stand up, too, or they will suffer their fifth defeat in six games this season.

Round Lake scored its first win of the year last Saturday when it beat Grayslake 14-6 in overtime. Antioch's only win this season was against Cary-Grove a week and a half ago on the home field. Last Friday the Sequoits journeyed to Woodstock only to take a 27-0 beating.

THIS IS A TALENTED Antioch team, but the schedule has been against the Sequoits. Antioch is loaded with up-and-coming juniors and had to meet tough teams such as Dundee, Grant, Warren and Woodstock in four of its first five games.

The feeling is that Antioch will start winning in its final four games and, of course, that means winning against Round Lake Saturday.

It will be "Parents Day" with the moms and dads of Antioch players as honored guests. The Sequoits also will be playing against a Round Lake team that has a new coach, Bruce Bartosz, who previously was an assistant coach at Antioch.

Both the Sequoits and the Panthers have 1-4 records, so the game looms as a toss-up.

The clue that Antioch can beat Round Lake is provided in two scores. Antioch lost its opener to a big, tough Dundee team, 12-6 ... and almost won that game. Dundee later trimmed Round Lake 25-8. However, Round Lake outscored Dundee 8-6 in the second half.

COACH ROY NELSON took the 27-0 loss to Woodstock philosophically, as usual:

"Even in defeat we learn," he said. "We played a very good football team. Woodstock has good balance, is big and fast and come at you at every position."

"They have power in fullback Ron Genot (240 pounds) and they also have speed and a passing game," the Antioch coach said.

Antioch found an exciting runner in junior Kenn Rosenbrock, who carried the ball 14 times for 79 yards and returned a kickoff 50 yards.

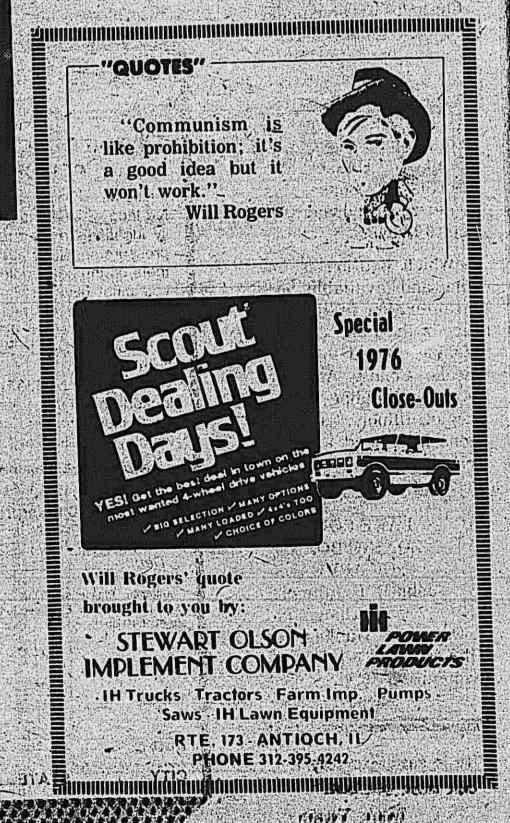

Rosenbrock is replacing senior Wally Wallraf, Antioch's leading ground gainer until he fractured both wrists and will be out for the season.

Antioch's Bob Ducato will be lost for about three weeks because of a fractured rib.

ROSENBROCK ALSO WAS Antioch's leading pass receiver against Woodstock, catching two of quarterback Brian Andrews' pitches for 20 yards.

Tom Huebner returned three kickoffs for 74 yards. Rosenbrock, Andrews, Huebner and a lot of other promising Antioch players are only juniors

Considering the increasing amount of vandalism taking place in this area, that sounds like a pretty good idea. Ask all of the businessmen who have had expensive store windows broken by rotten kids.

JUST IN CASE YOU missed it, the Chicago Tribune has endorsed Republican Jame R. Thompson over Michael J. Howlett, a Democrat, in the race for Illinois governor.

The Tribune said it is backing Thompson partly because the newspaper expects the former U.S. Attorney to "open a new era in Illinois politics."

The Tribune praised Thompson's record and called him "a tough prosecutor, a powerful enemy of political corruption in either party, and a man of blunt honesty."

It also said Thompson would owe his allegiance to the voters, not the Republican party. He would have "undiluted loyalties toward the voters, and that's inviting to us," the Tribune said.

The newspaper called Howlett, the current secretary of state, "an affable public servant who has done a creditable job in his present office."

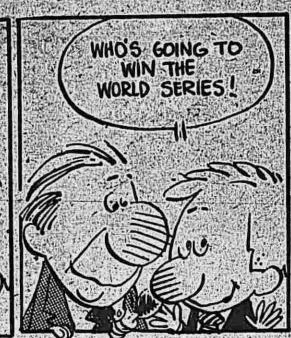

However, the Tribune said, "Howlett cannot divorce himself from the aging Democratic machine that nominated him. The newspaper added that Howlet's chief political allies, including Mayor Daley of Chicago and Governor Walker, seem to be doing him more harm than good.

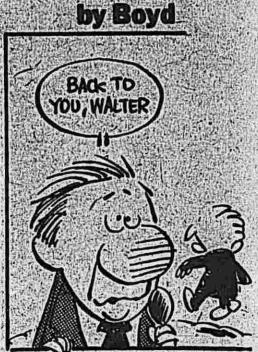

Our three Democrat friends in Antioch may disagree, but we think the Tribune is right.

War on Flu Begins Here

As reported last Wednesday in The Antioch News, Lake County administration of the first phase of the free swine flu vaccine begins this Friday, Oct. 15.

These clinics only are for: persons 60 years of age and over, and persons 3 to 59 years of age with chronic health problems (such as diabetes, or heart, lung or kidney disorders).

The following individuals should not receive the vaccine in the immunization clinics: those with a history of allergy to eggs, chicken or chicken feathers; those with a fever on the day of the clinic; and those who have received another vaccine in the past 14 days.

County health officials advise residents to consult their personal physicians with questions regarding the vaccine or their eligibility.

TWO VACCINES are being made available: one

will protect against swine flu only (monovalent) and one will 'pro-

tect against both swine and Victoria flu (bivalent). The latter is available only for the elderly and highrisk individuals.

One shot will protect most people from swine flu during the next flu season (and in the case of the bivalent vaccine, from Victoria flu as well). However, either a second shot or a different dosage may be required for persons under age 25.

MOST PEOPLE will have no side effects from the vaccine. But a tenderness at the site of the shot may occur and last for several days. Some will also have fever, chills, headache, or muscle aches within the first 48 hours.

The Jaycees in Kenosha aren't as bright as those in Antioch.

OH YES, WHEN I WAS younger I was always taking care of God's little creatures.

I remember taking one ailing feline to a veterinarian and when he asked me "what's wrong?" I came up with the brilliant reply:

"My cat is sicker than a dog." He didn't think it was as funny as I did. (Apparently you don't either.)

I AM NOT AN EXPERT on horses (Arlington Park has proven that to me), but I became an expert on cats several years ago when a friend talked me into volunteering as a helper at the Kenosha County Humane Society.

Two evenings a week, I would go to the shelter and feed the stray animals. (I also had to clean out their cages, which proves how much I used to like dogs and cats.) My daughters were little then, and they enjoyed coming along to pet the puppies and kittens.

Cleaning the cages of the big, mean dogs was always a challenge. After that, I decided never to become a zoo keeper.

I WORKED AT the Kenosha News at the time and two of the office clowns (my friends) decided to enter me in the Jaycees' annual "Outstanding Young Man Contest."

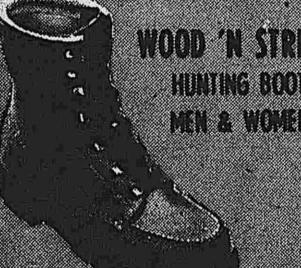

They did it as a joke, writing this long, wonderful account of the guy who dedicated two

Farmers Show GOP Loyalties

In late September, a few weeks before Earl L. Butz resigned as secretary of agriculture, the Prairie Farmer organization questioned Illinois farmers about whether or not they approved of the job being done by Butz as secretary of agriculture.

Of the 500 representative sample of Illinois farmers questioned, 49.3 percent—said they approve, 32.4 percent disapproved, and 18.3 percent were undecided.

Republican candidates Gerald Ford and Robert Dole have moved out ahead of Democratic presidential and vice presidential candidates Jimmy Carter and Walter Mondale in the farming

In personal on-farm interviews, of 525 farm people throughout the state, Ford and Dole were the choice of 42.9 percent. The Carter-Mondale ticket was preferred by 31.6 percent of those interviewed and 25.5 percent were undecided.

The same sample gives Republican gubernatorial candidate James R. Thompson a commanding lead over Democrat Michael J. Howlett, 64.5 percent to 17.4 percent.

In the contest for secretary of state, Illinois

farmers give Republican William Harris a slight edge, 32.6 percent to 29 percent for Democrat Alan J. Dixon; 36.9 percent were undecided.

Continue Training

Two Antioch firemen, Eugene Simbrowsky and James Ploughman, received their certified fire fighter certificate from the State.

This certificate is required by the Antioch Fire Department and the village of Antioch before a member is accepted on the force permanently. In order to receive this certificate a member must complete 200 hours of training in 23 subject areas. Then he must pass a State approved practical and written exam.

This brings to 27 the number of certified Antioch firemen:

Antioch also has four firemen who have passed the State approved test for certified advanced fire fighters. This test was given locally at CLC on 29 subject areas. The four are Capt. James Quedenfeld, Lt. Roy Gallagher, Lt. Dale Frasch and Eng. James Krieger.

Superstar Was Much More Than That

Hectic is the word for the scene in our office Monday evenings. So when I read in the television listings that "Jesus Christ Superstar" was broadcast Monday I was disappointed to realize I would have to miss it.

I was a junior in high school when the musical made its debut. We stomped our feet to the title. song, roared over "Herod's Song" and cried through "I Don't Know How to Love Him."

A rock opera it's called. We were so sold on it we even learned what "libretto" means while memorizing the words.

That's the funny thing about hearing a song 42 times a week: it tends to stay with you. Even now, something will trigger my memory and I'll be off on a few bars of "Hosanna, Hey Sanna."

ONE OF THE local reviews of Monday's showing says director Norman Jewison "tells the story of the life of Jesus not as if it were the central event in the Christian religion but rather as the interesting career of a promising young man."

Ted Neeley is billed as "a likeable Christ, who sometimes seems a little bemused by his superstar status.'

Perhaps therein lies the great popularity of "Superstar": Jesus is such a regular guy, someone to whom we can relate. He rises to the top of the charts but life at the top proves to be too much. And what a drag he had to die when he seemed to have so much for which to live.

Such a view certainly is a lively alternative to

the traditional approach and, evidently, quite a draw at the box office and record store.

Unfortunately, it is also an alternative to the historical account. His life (including specific details such as the time and place of his birth) fulfilled prophesies centuries old. His purpose in death was to provide the perfect, sinless sacrifice to make salvation possible for all who trust in Him - this He had in mind always and was not taken by surprise by what transpired during the three years of his "interesting career."

Probably the greatest weakness of the work is that it ends too soon. What about the eyewitness reports that He physically returned from the dead? Illogical, some may say, but two facts deserve attention: the tomb was empty and men were willing to be put to death for what they claimed to have seen:

MY GUESS IS that watchers and listeners of "Jesus Christ Superstat" consider it purely for the entertainment it provides and never consider matters of accuracy or sacrilege.

But what bothers, even saddens, me is that the only view many will have of the amazing carpenter is as a "jaded mandarin" who had trouble with team loyalty.

Possibly that old phrase, "who do you trust?" is applicable today. The choice: Christ's contemporaries or two composers living 2,000 years later and a continent away.

Letter

Dear Sir:

With reference to your Daniel Schorr editorial, the House of Representatives allocated \$450,000 to investigate possible abuses of power by the CIA in violation of its charter. The Pike Committee voted 9-4 to publish the resulting report. Six days later, after "White House" pressure, the House decided not to publish.

Meanwhile, the report was in the hands of the press, one member of which, Daniel Shorr, felt it his duty to prevent the suppression of this information belonging to the American people, and vital to our liberties. When it soon developed that his livelihood and his own personal liberty could be the price, he knew, and we should recognize, how right he was. We are forever in his debt for having the courage, the wisdom, the integrity and the eloquence to not weaken under the hostile questioning of "Ethics" Committee chairman, Congressman John T. Flynt. the Committee backed down. So, if there is a Bicentennial Award of the Year, it should go to former CBS correspondent, Daniel Schorr.

Your editorial states that Mr. Schorr "undertook to sell it (the CIA report)." My understanding from a New York reporter is that several publishers were approached - after Congress reniged - with the understanding that any royalties were to go to a fund set up for the legal protection and bail bond of newsmen jailed for protecting their sources.

Tom Brokaw on the Today Show pointed out, referring to Mr. Schorr's defense of the first amendment; that unless the press protects its sources, from whence comes only official government press releases, instead of objective, factual reports for our guidance. That's the modern totalitarian way. This old-fashioned reader prefers the American way our forefathers envisioned. One of them was radical enough to opine that if the Congress exercised any power other than copyright over the press, it would be tyranny.

The traditional function of the press has been to serve not government, but the governed. If the government persists in interfering with the taxpayer's natural and Constitutional right to know, perhaps we, the people, must find a way to cite Congress and the "White House" for contempt of us, and demand publication of our \$450,000

Forest District Gels S

The Lake County Forest Preserve District received word last week that the Bureau of Outdoor Recreation has approved its request for matching funds in the purchase of 55 acres of land north of Waukegan.

This parcel of land is only part of a 274 acre project known as Lyons Woods which the District is now in the process of acquiring. The grant of \$236,000 will provide 50 percent of the total estimated cost of acquiring that 55 acre parcel of land and enhance the District's capability of preserving open space.

Lyons Woods will eventually be opened to the general public to enjoy the planned ball fields, sheltered areas, and nature trail system. In addition, the acquisition will provide an open space corridor with the Glen Flora County club to the south and serve as an additional recreational area close to Ulinois Beach State Park, one-half mile to the east.

PM&L Tryouts Slated For Sunday, Monday

Tryouts for PM&L's second show of Season XVI, "The Ransom of Red Chief," by O. Henry, will be held Sunday from 2 to 4 p.m. and Monday from 7 to 9 p.m. at the theatre, 877 Main St. in Antioch.

The play revolves around a humorous plot by two down-on-their-luck con artists who decide to kidnap Johnny, better known as Red Chief. The two "kidnappers" get more than they bargained for when they discovered that Red Chief is the original Dennis the Menace. The play has the usual O. Henry surprise ending.

Needed for the cast are four men, one boy (age-10-12), five women and four girls (ages 6-12). The two con men, Sam and Bill, can be any age, but should be experienced comic actors. Red Chief should be the "average, red blooded" American

The play is being directed by Tom Hausman. Tuesday and Friday evenings, plus weekend afternoon rehearsals will be scheduled. Show dates are Nov. 27 and 28, and Dec. 3, 4, 10 and 11.

CARROT TOP and Horrible Henry join Lili (Cathy Rosol) in singing "Love Makes the World Go Round" in a scene from "Carnival." Saturday was open-

ing night for the PM&L musical which will be presented again Oct. 15, 16, 22 and 23.

'Carnival' Fun on Stage Here

By BETSY ROSSEN

If the pageantry of the big top and midway is what you're after, be sure to experience the carnival in town.

"Carnival" is the event, the Bob Merrill musical now on stage at the PM&L Theatre where a festive atmosphere is created with clowns, balloons, calliope music, and vibrant costumes. The local production opened Saturday night and will be treating audiences for two more weekends.

IN ADDITION to great use of the limited stage area, director Bob Bundy's cast and crew have a crowd-pleaser in the puppet shows. Carrot Top, Horrible Henry the Walrus, Renardo the Fox and Marguerite (brought to life by Louis Vasseur and Charlie Brown) reel off some funny lines enjoyable for kids of all ages.

Lili the orphan girl, portrayed by Cathy Rosol of Ingleside, wants the glamour and excitement of B.F. Schlegle's Grand Imperial Cirque de Paris. She becomes involved in the show's performance and in the lives of its performers. The plot's a simple one, woven throughout with jealousy and the unpredictability of carnival life.

NEWCOMER MARY HODGE is a delight as the Incomparable Rosalie. We hope to see her in future PM&L offerings for her strong, professional style was the musical highlight of the evening.

While on the subject of music, let us say that pianist Tracy Teltz and flautist Kimberly Korando did a great job on accompaniment, with nary a falter nor missed cue.

Several of the musical acts seemed weak, perhaps due in part to "opening night jitters" and the score itself. Hopefully a week of practice will smooth things out.

The real Antioch Sequoits better stand up, too, or they will suffer their fifth defeat in six games

this season.

Round Lake scored its first win of the year last Saturday when it beat Grayslake 14-6 in overtime.

Antioch's only win this season was against Cary-Grove a week and a half ago on the home field. Last Friday the Sequoits journeyed to Woodstock only to take a 27-0 beating.

THIS IS A TALENTED Antioch team, but the schedule has been against the Sequoits. Antioch is loaded with up-and-coming juniors and had to meet tough teams such as Dundee, Grant, Warren and Woodstock in four of its first five games.

The feeling is that Antioch will start winning in its final four games and, of course, that means winning against Round Lake Saturday.

It will be "Parents Day" with the moms and dads of Antioch players as honored guests. The Sequoits also will be playing against a Round Lake team that has a new coach, Bruce Bartosz, who previously was an assistant coach at Antioch.

Both the Sequoits and the Panthers have 1-4 records, so the game looms as a toss-up.

The clue that Antioch can beat Round Lake is provided in two scores. Antioch lost its opener to a big, tough Dundee team, 12-6 ... and almost won that game. Dundee later trimmed Round Lake 25-8. However, Round Lake outscored Dundee 8-6 in the second half.

COACH ROY NELSON took the 27-0 loss to Woodstock philosophically, as usual.

"Even in defeat we learn," he said. "We played a very good football team. Woodstock has good balance, is big and fast and come at you at every position."

"They have power in fullback Ron Genot (240 pounds) and they also have speed and a passing game," the Antioch coach said.

Antioch found an exciting runner in junior Kenn Rosenbrock, who carried the ball 14 times for 79 yards and returned a kickoff 50 yards.

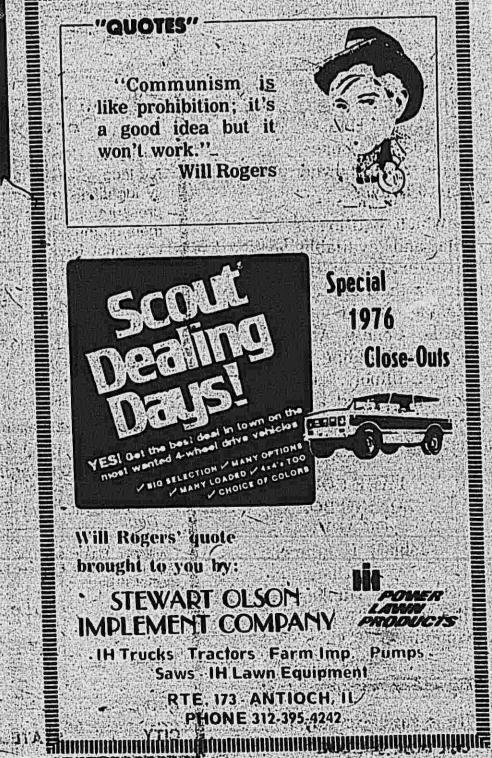

Rosenbrock is replacing senior Wally Wallraf, Antioch's leading ground gainer until he fractured both wrists and will be out for the season.

Antioch's Bob Ducato will be lost for about three weeks because of a fractured rib,

ROSENBROCK ALSO WAS Antioch's leading pass receiver against Woodstock, catching two of quarterback Brian Andrews' pitches for 20 yards.

Tom Huebner returned three kickoffs for 74 yards. Rosenbrock, Andrews, Huebner and a lot of other promising Antioch players are only juniors

Sequoits Want To Start Winning

Round Lake Provides The Test on Saturday

GAINING ON THE GROUND in last Friday's football game against Woodstock was Antioch's junior ball-carrier, Kenn Rosenbrock (23). He replaced injured Wally Wallraf and became the Sequoits' newest breakaway threat. (Photos by Paul Maplethorpe.)

THE GRIDIRON WAR at Woodstock last Friday night was captured in this photograph, showing Antioch quarterback Brian Andrews taking the

pass from center. Other white-shirted Antioch players are Rick Dauck (64), Pat Solar (57) and Don Norwick (77).

The real Antioch Sequoits better stand up, too, or they will suffer their fifth defeat in six games this season.

Round Lake scored its first win of the year last Saturday when it beat Grayslake 14-6 in overtime.

Antioch's only win this season was against Cary-Grove a week and a half ago on the home field. Last Friday the Sequoits journeyed to Woodstock only to take a 27-0 beating.

THIS IS A TALENTED Antioch team, but the schedule has been against the Sequoits. Antioch is loaded with up-and-coming juniors and had to meet tough teams such as Dundee, Grant, Warren and Woodstock in four of its first five games.

The feeling is that Antioch will start winning in its final four games and, of course, that means winning against Round Lake Saturday.

It will be "Parents Day" with the moms and dads of Antioch players as honored guests. The Sequoits also will be playing against a Round Lake team that has a new coach, Bruce Bartosz, who previously was an assistant coach at Antioch.

Both the Sequoits and the Panthers have 1-4 records, so the game looms as a toss-up.

The clue that Antioch can beat Round Lake is provided in two scores. Antioch lost its opener to a big, tough Dundee team, 12-6 ... and almost won that game. Dundee later trimmed Round Lake 25-8. However, Round Lake outscored Dundee 8-6 in the second half.

COACH ROY NELSON took the 27-0 loss to Woodstock philosophically, as usual.

"Even in defeat we learn," he said. "We played a very good football team. Woodstock has good balance, is big and fast and come at you at every position,"

"They have power in fullback Ron Genot (240 pounds) and they also have speed and a passing game," the Antioch coach said.

Antioch found an exciting runner in junior Kenn Rosenbrock, who carried the ball 14 times for 79 yards and returned a kickoff 50 yards.

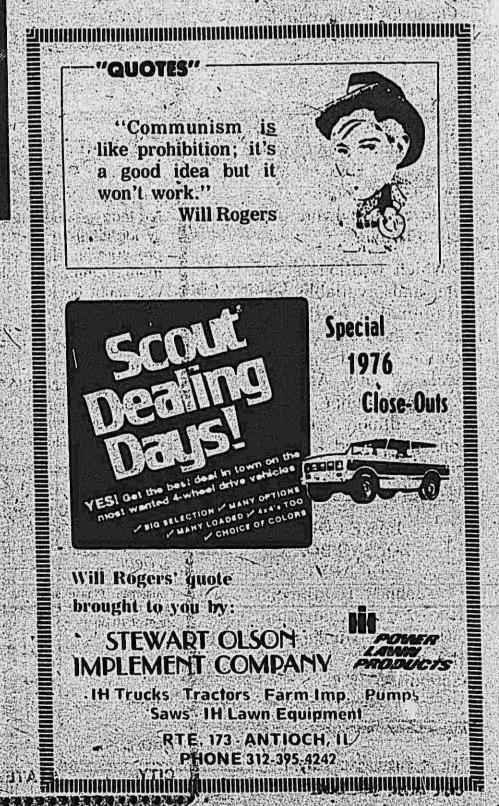

Rosenbrock is replacing senior Wally Wallraf, Antioch's leading ground gainer until he fractured both wrists and will be out for the season.

Antioch's Bob Ducato will be lost for about three weeks because of a fractured rib.

ROSENBROCK ALSO WAS Antioch's leading pass receiver against Woodstock, catching two of quarterback Brian Andrews' pitches for 20 yards.

Tom Huebner returned three kickoffs for 74 yards. Rosenbrock, Andrews, Huebner and a lot of other promising Antioch players are only juniors

Cheryl and Greg Collins

Couple Represents Exchange Program

Cheryl and Greg Collins, 1234 Main St., Antioch, have been named area representatives of the Youth for Understanding international student exchange program for the Chain-o-Lakes region.

They will be working with an advisory board to arrange for most families for international students and to promote the Americans Overseas program in the local high schools.

Cheryl is a French and Spanish teacher at Grant high school in Fox Lake and has spent some time traveling and studying in France. She works closely with the Grant International Club, which sparked her interest in the Youth for Understanding program.

GREG TEACHES INDUSTRIAL ARTS at Antioch High School and shares Cheryl's enthusiasm about Youth for Understanding.

They feel the program provides an excellent opportunity for high school students to have an overseas family living experience.

In addition to Cheryl and Greg, the area has another proponent of international student exchange: Michelle Spitz.

Michelle, 17, is from La Celle St. Cloud, France, and is living with the Kingston Bowen family in Ingleside. She is attending Grant High School where her new "sisters," Debbie and Kandy, are students.

They, along with their younger brother King, Jr., are having a great time learning about each other's customs and languages. Her return to France in July 1977 will come all too quickly for the Bowens.

Youth for Understanding is a non-profit educational organization which cooperates with and receives a grant from the U.S. Department of State.

Since its inception in 1951, Youth for Understanding has become the nation's largest international exchange program, sponsoring the exchange of over 55,000 U.S. and foreign students. Headquartered in Ann Arbor, Mich., Youth for Understanding operates summer and year-programs for American high school students in 25 foreign countries.

Cheryl and Greg Collins are presently interviewing families to host Latin American students arriving in January for a six-month stay and students who wish to participate in the Americans Overseas summer and year programs in 1977.

They are also building an advisory board of volunteers to help develop the Chain-o-Lakes region. Anyone interested in more information can contact Cheryl and Greg at 395-4085.

Zion's Runners Win Here

Zion-Benton's Jim Wolfe came in first individually but Benet Academy of Lisle won the team title in the Antioch Invitational cross-country meet last Saturday. Wolfe completed the three-mile course in 15:24.

Ray Cardinal of Wauconda was second and
Dan Skarda of Mundelein third. Fourth was
John Neel of Benet, fifth
was Pete Amann of
Libertyville, followed
by John Moyers of
Warren, Tim Hoth of
Mundelein, John Huber
of Zion, Chuck Paulsen
of Antioch and Joe
Geyer of Benet.

Libertyville was second with 85 points, six behind Benet's 91. Mundelein was third with 106 followed by Wauconda with 145, Warren with 156, Zion with 184, Fremd, 196, Salem-Central, 199. Crystal Lake 215, Burlington and Antioch, 223 each and Cary-Grove, 225.

Dick Kessler Wins \$15 Prize in Contest

Antioch High's football fans love their Sequoits, but a lot of them figures correctly that Woodstock would beat Antioch in last Friday's game.

Dick Kessler, for example, predicted Woodstock would win by 22 points. When the final score was 27-0, Dick was the winner of the Antioch News' weekly football contest.

He will be sent the first prize, a \$15 gift certificate from BJ's Fashions for Men or BJ's Closet.

There were two second prizes in last week's contest and one of them, a \$10 gift certificate from King's Drugs, goes to Kathy Toft, who forecast that Woodstock would triumph by 21 points. The other second prize, a \$10 gift certificate from Bernie's Deli, Beer Depot or Happy Gas, goes to Chuck Hameau, who also said Woodstock by 21.

THERE WERE TWO third prizes, too. Sandy Kessler won a \$5 gift certificate from Flo's Beauty Shoppe by predicting Woodstock would beat Antioch by 20 points: And Sue Koppa won a \$5 gift certificate from Antioch Bowling Lanes by saying Woodstock would be triumphant by 17 points.

Mary Huebner came close, picking Woodstock by 16 points, while Ed Gromala was next among the experts, forecasting a 15-point victory.

IT'S A BRAND NEW contest in this week's issue of the Antioch News. Antioch faces Round Lake in a game that could go either way.

Be sure to make your predictions and get them to our office, or in the mail, prior to Saturday's 2 p.m. kickoff at the Antioch field.

Once again, five prizes will be given away. See page 17 for the details.

OH, DEAR! - Antioch High's football team was losing 27-0 to Woodstock last weekend and some of the local fans were anything but delighted. Buy maybe things will be different this Saturday afternoon when the Sequoits play Round Lake here at 2 o'clock.

SEQUOITS

and will be back next year. They were undefeated as sophomores last year.

WOODSTOCK SCORED ONCE in each quarter last Friday night to retain its share of the Northwest Conference North Division lead.

Woodstock is now 3-0; the loss dropped Antioch to 0-3. Woodstock shares the lead with Warren.

The Blue Streaks' methodical ground game, led by halfbacks Dave Mohapp and Dan Hunt, and fullback Genot, rushed for 308 yards and two touchdowns. Genot had a one-yard scoring run and Mohapp a sensational 94-yard scoring run.

In the damp, chilly air Woodstock quarterback Mark Shipley connected on three passes in eight attempts for 57 yards and two touchdowns - of 17 and 27 yards to flanker Bruce Glass.

Antioch started several drives with good field position, thanks to the neat kickoff returns of juniors Tom Huebner and Rosenbrock. But the Antioch rushing game never had the blocking needed and netted only 91 yards for the night. Both Huebner and Rosenbrock were starting their first varsity game on offense.

Sophs Lost 21-14

more football team gave a good account of itself but lost 21-14 to Wood- yards and passed for stock last week.

The future Sequoits trailed 13-6 at halftime and then matched

Antioch High's sopho- Woodstock 8-8 in the second half.

Antioch rushed for 80 112, a total of 192 yards gained. Woodstock had almost identical statistics and finished with a total of 193 yards.

Viking Warriors Whip Palatine

The Antioch Viking Warriors looked mighty impressive Sunday, trouncing Palatine, 20-0. Their record is now 2-1-2.

Outstanding is the word for Antioch's offensive line consisting of Don Korjenek, Kirk Vogt, Dave Hanson, Andy Lehn, Todd Michalski, Derek Olson

and Eric Wallraf. The result was touchdown of 10 yards by Tom Haviland, 65 yards by Joel Bissing and 50 yards by Dave Walsh.

Defense was tough, also, sparked by pass interceptions by Kevin Haarstad and Doug Merrill.

Antioch Golfers Have 8-0 Record in League

The Antioch High School golf team boosted its Northwest conference record to 8-0 Friday afternoon with a 169-180 win over Grant in Fox Lake.

The Sequoits are now 12-1 on the season with two conference matches remaining.

Senior Pat Houghton and Keith Rezin captured medalist honors with rounds of 41 while Steve Hartokolis and Brad Masopust shot 42 and 45 respectively for Antioch.

Earlier last week, Pat Houghton shot a medal score of 34, two under par, as Antioch scored a decisive 153 to 180 decision over Grayslake on the Spring Valley Golf Course.

Steve Hartokolis and Brad Masopust both carded 39's and Del Gorski, who has led the Sequoits in most matches this fall, finished fourth with a 41. It's the first time this year that he's failed to shoot in the 30's, coach Mark Guthrie said.

A 15-year-old junior, Gorski shot a three under par 67 at Spring Valley in a practice round with a 34 and 33, and in regular team competition he's been averaging 36.2.

Gorski has two holes-in-one to his credit in less than a year.

LAST SATURDAY Antioch tied for 7th with Libertyville in the Lake Forest Invitational at the 18-hole Lake Bluff course.

Lake Forest won its third straight championship with a total of 319, an average of 79.75 per player. Highland Park was second, six strokes behind. Antioch's total was 337, but the Sequoits beat 13 of the 21 teams entered.

Winner Survives 2 Crashes

Starter Wayne Soder finally rolled up the checkered flag for the final time this season at the Lake Geneva Raceway on Sunday as Brad Gerke, Beloit, returned the checkered flag following his victory lap after winning the spectator stock car feature race.

The sportsman stock car feature race had already ended. It was won by the 1976 champion driver, Fran Baumgartner, Genoa City, in a 25-lap feature that saw Fran come from 13th starting position and survive through two

crashes to win over Johnny Baumeister, Burlington, and fasttime qualifier Larry Leach, Elkhorn.

Earlier Baumgartner had won the fast heat race also over Baumeister. Other heat race winners were Chris Ducey, Wonder Lake; Don Collins, Antioch, and Bart Reinen, Lake ' Mills.

The feature race accidents happened on the first lap as the cars near the end of the starting field came off the corner. Dave Horst, Lee Tibbetts, Bart Reinen. Cal Clark and Stan Horton wound up in a fender-to-fender group triggered when Horst. spun into the wall.

Finally the group got together again and saw its second chance to race. This lasted until the 11th lap when Stan Nystrom, Burlington, lost an engine and. dumped oil on the track. Mystrom skidded in his own oil and sent the starter running for cover as he just missed the infield 'starter's wall. Cars behind him were not so lucky and Lake Geneva's Bob Delaney spun and hit the wall, followed closely by Hank Horvoka, Silver Lake, who crashed and dumped his radiator coolant onto the asphalt surface. Baumgartner, leading now, hit the oil, skidded and hit Delaney's car but with little damage.

YMCA Offers Free Clinic

A free gym and swim clinic for children 3 through 5 years of age will be held at Camp Ravenswood YMCA Monday Oct. 25, Jackie Moeller, physical director announced.

"Children of this age can benefit from proper physical instruction and water safety," Ms. Moeller said. "Our gym and swim clinic will provide a brief introduction about our program and then 30 minutes in gym activities and 30 minutes in swimming activities."

By keeping group sizes small, each child receives much individual attention. The activities in the gym are designed for children to improve large and small motor coordination, balance and spatial awareness. Games, preschool gym equipment and fun exercises are utilized. The gym program's also teaches children to share, take turns, and help each other.

The emphasis in the pool is on learning to enjoy the water in a safe manner. Personal safety, floating, kicking and beginning swim movements are included in the program.

The gym and swim clinic is free for area residents; however, enrollment is limited and advance registration is required. Call 356-3571 for more information.

Camp Ravenswood YMCA pool is located on Grass Lake Rd. west of Beck Rd. and offers a full aquatic program.

AMTRAK will be running some long-distance runs on mulit-deck passenger cars with lower levels for baggage, some uppers for sleeping. In time maybe they will be back with the great train service the U.S. once had. For full information stop in. We are an authorized AMTRAK agent and have their ticket stock so we can make up all train. tickets while you wait without going clear down to Union Station (Chicago).

New evidence reported by survey ending June 1976. Possibility of airport X-ray screening devices are fogging camera film. Reported findings, states "over 300 tests run with unprotected film side-by-side on conveyor belt with same films in filmshields - in several cases unprotected films were fogged, some severely, of all films run inside protected pouches, in no case was slightest trace of radiation detectable."

For your own protection, pouches are now in distribution through camera and photography

Helicopter service from New York and San Francisco to a few surrounding airports can be free of charge if written up with the ticket from your travel agent at the point of origin. This is just one good example of how we can save you money by our knowledge of the travel business. Our office should be the first stop. See you soon.

By JENNIE LIPMAN

Winter is just around the corner! Did you notice that the Christmas cards are on sale already?

My in-laws recently moved to Florida from Lindenhurst. They called last week and commented that they stay inside all day because it's still too hot to go outdoors. We told them we had our first frost. Let's hope for at least one more nice weekend.

That You Vote Republican. THERE ARE more than 140 countries in the world today. Only a handful can look back on a long, unbroken history of freedom.

... So, for the United States of America to have survived for 200 years as a free nation is an achievement which gives deep meaning to our bicentennial celebration.

The Democratic Party has control of the U.S. Senate, the House of Representatives, the governors in most large industrial states, and the mayors in most large cities.

In this first year of our third century, many of us are deeply troubled by what we perceive to be a growing lack of balance in our society. Two things have happened:

- Our political freedoms have expanded too much. This has resulted in a decline in public morals and an increase in crime.

- At the same time, our economic freedoms have been contracted too much. This has resulted in a gradual sapping of the vitality of the American economic system.

The Democratic Party's programs are financed by the taxpayers...in other words, they are buying YOUR vote with YOUR money.

So be sure to vote on Tuesday, Nov. 2... and vote Republican.

WHAT'S HAPPENING ON GRASS LAKE ROAD? - A new subdivision is being built, called Harbor Ridge Estates. Being developed on golf course land across the road from Antioch

Country Club, it will add 55 homes to Antioch Township. In the bottom photo, realtor Larry Feightner poses in front of the winding roads, rolling land and mature trees.

Berning Gets Chamber Approval

Senator Karl Berning, 32nd senatorial district, achieved a 100 percent legislative vote rating from the Illinois Political Action Committee (IPAC) for the 1976 Session of the 79th Illinois General Assembly.

IPAC, which was founded by the Illinois State Chamber of Commerce, commended Senator Berning for a voting record that shows concern with the Illinois business climate and fiscal responsibility.

IPAC today released its Legislative Ratings on all 236 members of the Illinois General Assembly. The analysis showed 109 compiled an unfavorable voting record (voting with business positions less than 40 percent of the time), 98 compiled favorable voting records (voting with business positions more than 60 percent of the time), and 27 ended up "on the fence."

Senator Berning compiled a 100 per cent voting record for both the 1975 and 1976 sessions combined.

Some of the important issues included in the IPAC profile were state spending bills.

New Subdivision Being Built Near Golf Course

Antioch Township's newest subdivision is being developed on Grass Lake Rd., just north of the Antioch Country Club golf course.

It is called Harbor Ridge Estates and is being built on land owned by Tom Santino, who also owns the country club.

The fact that the land formerly was part of the golf course gives it a rolling, hilly atmosphere with mature trees of all varieties.

Real estate broker Larry Feightner of Antioch calls it Antioch's "Most distinctive, prestige subdivison." It is a beautiful spot.

FIFTY-FIVE HOMESTIES are planned on the 67 acres of land. Feightner said that 37 of the lots were sold as of last week. They range in size from one to two acres and are selling for between \$14,500 and \$17,500 an acre.

The people buying the lots are contracting to have their own homes built. One Wisconsin resident already has begun construction and Feightner said he expects a minimum of five houses to be completed by Christmas.

There won't be much building activity during January, February and March, of course, but Feightner said he anticipates considerable construction to begin next spring.

MOST OF THOSE buying lots are from Antioch and surrounding communities. Some are from Chicago, Feightner said.

Santino is adding a half-acre lake to the scene and will blacktop the roads that wind and curve through the hilly subdivision, Feightner added.

Children who move into the subdivision will be in

the Emmons Grade School District.

Santino said that residents of the subdivision will receive a free, one-year membership at his golf course. He also said that a "convenience shopping center" and a marina will be "coming soon."

Woman Killed In Crash

A Lake Villa woman was killed and a teenager injured in a twocar crash on Rt. 83, south of Rollins Road, near Grayslake, Sunday morning.

Lake County Sheriff's deputies said 23-yearold Anita Reames, of 707 Belmora Ave., was dead on arrival at St. Therese Hospital.

Jeffrey Degen, 17, of Grayslake, the other driver, was injured and admitted to St. Therese where his condition was satisfactory.

Degen told police he was driving south on Rt.

83 when Reames' auto passed several cars at a high rate of speed heading north. Degen said the Reames car went out of control and came into his lane. He said he applied his brakes and swerved, but the left front bumper of his vehicle struck the right side of the compact car the woman was driving.

Three other motorists, listed as witnesses in the sheriff's report, said the victim's car had passed them at a high rate of speed before going out of control and entering the southbound lane.

The Big Lie About the U.S.— And How It Grew and Grew

By Robert Nielsen

It's a pity the Guinness Book of World Records doesn't deal in political superlatives. Then it could note the most successful — and damnable — Big Lie since Adolph Hitler and Joseph Goebbels were in the mendacity business:

To wit, that the United States of America is the prime villain in world affairs.

How did this whopper cometo be widely believed about this nation that, 30 years ago, was almost universally regarded as a benefactor to humanity?

The first part of the answer is easy. As the powerhouse not only of capitalism but also of democracy, the United States had to be discredited if possible by the Soviet Union. With a party monopoly of information and propaganda in their own vast land and in their East European satellites, the Soviets had the means to get the job done there. . . .

China drummed into its people's heads the same message of American iniquity, moderated slightly in recent years as fear of the Soviet colossus pushed Peking toward an alliance of convenience with the U.S. . . .

The U.S. has certainly earned, though not always for dishonorable reasons, some animosity in the Third World.

But the U.S. has not, by its own actions, come close to earning the amount of abuse heaped on it in the Third World. It has done many things that should have earned goodwill there—such as being nearly always first with the most emergency relief in time of famine, flood or earthquake.

Part of the explanation is simply envy and resentment of

the poor and weak toward the rich and powerful. Another part is the trend toward authoritarian rule in the new nations. A lot of mangy dictatorships and one-party regimes would be undermined if their people could make true comparisons with the biggest democracy; so it profits their rulers to slander the U.S.

Now we come to the strangest and saddest part of the story, which is how free and democratic people have fed the Big Lie and ... helped discredit the main champion of freedom.

With few exceptions, the Western news media have done; this quite innocently, by going about their business the way they know how, covering the news as it happens and when available. And about 99 per cent of it is available only in open societies like the United States, Totalitarian states like the Soviet Union and China

For democrats of every persuasion — liberal, Socialist or conservative anti-Americanism has become a costly indulgence.

simply deny access to everything they don't want reported.

When this unbalanced access is combined with the critical negative tradition of Western journalism—things that are going well usually aren't newsthe result is an immense, continuous distortion of the world picture. . . .

In this sorry business of free people tarring Uncle Sam, I've given first place to the media only because we deserve it. But the contributions of academics and teachers shouldn't be overlooked.

The academics gave us the revisionist historians who have selected and rearranged the events of the early postwar period to make the preposterous case that the United States launched the Cold War without serious provocation from the Soviet side. And many teachers of current events and history somehow failed to get it across to high school graduates that there's a fundamental difference, in the matter of citizen's rights and liberties, between countries like the Soviet Union and China on the one hand and countries like Canada and U.S. on the other. . . .

They equate a Chile on the American side with 10 countries permanently subjugated by the Soviet Union.

This technique of the false equation is convenient. It relieves one of the responsibility of choosing sides between imperfect opponents, even where the differences in terms of human decency and liberty are immense.

Adapting the late John L. Lewis, I say it ill behooves those who shelter in freedom's house and dine at freedom's table to curse with equal fervor. and fine impartiality both the chief defender of freedom and its deadliest enemy. 🗢 🚿

The United States, notwithstanding grievous errors and faults and occasional villainies, is committed by its whole history to fundamental human rights. The Soviet Union, on its record, is inexorably bent on the destruction of those rights. . . .

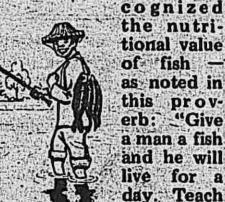

For democrats of every persuasion—liberal, Socialist or conservative — anti-Americanism has become a costly indulgence.

Bigger tax bites mean smaller retirement savings.

Taxes take bigger and big-ger bites out of your income. They could be taking more than their fair share if you're self-employed or not covered by a pension plan.

If you're a farmer or other self-employed worker, set aside 15 per cent of your earnings-up to \$7,500 annually—in tax-deferred Ke-ogh HR-10 retirement plan.

Or put 15 per cent of your. earnings-up to \$1,500 a year-in an individual retirement account if your company doesn't have a pension or profit plan...

Either way this income is sheltered until you retire, when you'll probably be in a lower tax bracket.

See your Country Companies agent for full retirement plan information. The Country Companies. We're a little different than most insurance people.
